VAPOR BATHS. The inhabitants of Indianapolis and vicinity are also

informed that Dr. Pendery has opened a spacious and commodious Bath Room, office No. 24% East Washington street, to enable the sick and afflicted to test the efficacy of the Memcated Vapor Baths. It is not deemed necessary to dilate or in any way enlarge on the remarkable and as ounding cures performed ough the agency of these baths; the wonderful effect of Fumigation, of reducing medical agents to a vapor and bringing the heated vapor to the surface of the body. has a tracted the attention and challenged the admiraion of the most distinguished medical men of the age. The Vapor Bashs have been introduced by the Court Surgeens, with every royal family in Europe, and have very generally received the plaudits of ail classes of patients in humble as well as in the higher walks of life. The Vapor Baths are precisely adapted to every class of diseases. In Chronic Skin Diseases, Rheumatism, Dyspepsia, Nervous Headache, Palse, Lung Disease, or any affection to which the human ystem is liable, the Baths never fail to afford relief. Sulphur Vapor, for instance, is conceded by the most prejudiced physician, or the most stupidly ig crant preender, to be the very best remedy ever u-en for Chron c Rheumatism, all classes and kinds of Skin Diseases and the numerous forms of Catarrh.

loidine Vapor, with Extract of Wild Cherry, for all forms of Lung or Bronchial Diseases, so with the thousand vegetable extracts, when reduced to a vapor and brought in contact with the skip, or any diseased surface, produces the most flattering and satisf-cory results, which no other form of medication can possibly attain A trial of these Baths never fails to convince the most skeptical of the wenderful curative power of extracts reduced to a vapor a d applied exactly to the spot of dise se. Vapors penetrate wi h great rapidity, and soothe irr tation and relieve pain, which no medicine taxen in sub-tance can reach The sick and infirm from disease, no matter how long standing, or what the disease may be, are cordially invited to give our Baths a trial

These Baths accelerate the effects of alterative medicines drawing disease out of the system, changing the
